

Aesthetic design make the lift fit into any environment

ESSENTIAL

The chair stairlift for straight staircases

The Essential stairlift is one of the easiest ways to stay in your home and enjoy the freedom of barrier-free living. Installed on your stairs, in only a few hours, the stairlift carries you smoothly and quietly up a straight flight of stairs. The Essential stairlift is uniquely compact – with the slimmest fold-up dimension on the market at only 270 mm wide – to allow easy access to the stairs when the lift is not in use.

With safety features including a retractable seatbelt, overspeed governor and obstacle sensor system, you can count on your stairlift. Finished in soft white with an unobtrusive design, the Essential blends easily into your home décor.

Constant charge make the lift available at all times

Rack and pinion drive ensures stable and safe drive up the stairs

Ultra slim folded with of only 270mm leaves maximum clearance on narrow staircases

Main advantages of the Essential

- Ultra slim folded size of only 270mm– the smallest profile on the market to keep the unit out of the way when no in use
- Quiet and smooth-riding operation from the rack and pinion drive system and retractable seat belt
- Battery operated with built-in charging so the chair can be used several times even through a power failure
- LED status lights to advise you of any issues
- Swivel and lock seat at top landing for added stability getting on and off the chair
- Unit can be installed on either side of the stairs (reverseable)
- Comfortable and durable seat with width-adjustable arms up to 51cm wide and 140kg loading capacity

Convenient joystick control allows for easy use

Essential - Technical Specification
